

## FROM THE PRESIDENT'S DESK

John Loffhagen: President, IFSG

*"In the coming months, IFSG will interact with its members to understand key areas of concern in their respective fields of operation. It will also construct a detailed charter of rules & regulations, set industry benchmarks for a strong governance structure and disseminate the same to members. IFSG also aims to launch programmes and events that will help create awareness about the industry and its commitment to give back to the sports ecosystem."*

## WELCOMING OUR LATEST MEMBER

IFSG welcomes its latest member, Head Infotech India Private Limited aboard. Head Infotech India Private Limited (HI) is a technology company which pioneered skill-based online gaming platforms in India.

The company has evolved into one of the most profitable gaming companies over time and was also recently featured on Forbes India as one of India's leading players in the online real-money gaming space.

Fanfight – WCFN started its journey with its first product, fanfight.in, in 2017 and has since then been able to build a customer base of over 11 lakhs. It is a subsidiary of Head Infotech and is critical to HI's foray into this exciting emerging market. Built around the DFS (Daily Fantasy Model), Fanfight aims to be the premier platform where the Indian Sports fan goes to play daily fantasy sports.

Join the Sports Gaming Revolution today! To become an IFSG Member-
